The Agency Built on *Covenant*, Not Contract.

Moore Covenant Productions is a faith-driven creative media agency specializing in social media management, brand storytelling, and content strategy for purpose-led entrepreneurs and businesses.

In less than one year of operation — with no outside investment, no paid team, and no advertising spend — we have generated **60 million views**, **50 million likes**, grown **100,000+ followers**, and produced **1,000+ high-performing videos** across our client portfolio.

We are not a commodity agency. We are a covenant-based creative partnership — the only firm in our market that combines cinematic production quality, strategic brand architecture, and a faith-rooted work ethic to build digital presences that don't just look good. They convert. They last.

THE ASK

We are seeking a **\$35,000 business line of credit** to scale our delivery team, systematize our model, and accelerate client acquisition — fully serviceable within Year 1 operating cash flow at projected monthly revenue of \$50,000+.

Millions of Brands Have Something Real to Say. *Nobody Can See Them.*

The average small business owner spends \$400–\$800 per month on social media with no measurable return. They either hire cheap agencies that treat them like a ticket number, try to manage content themselves and burn out, or pay premium

firms that don't understand their values or voice.

The result: businesses with real stories, real impact, and real transformation potential — invisible online.

This is especially acute in the faith-driven and purpose-led entrepreneurship space, where authenticity, integrity, and long-term trust are non-negotiable — but most agencies operate on volume and short-term metrics with no alignment to the brand's core identity.

"There was a moment when I looked around and saw people with something real to say — but no one could see them. They were invisible. And I knew that was something I could fix."

ELIJAH MOORE — FOUNDER, MOORE COVENANT PRODUCTIONS

03 — THE SOLUTION

The *Covenant Model*: Strategy Before Camera.

Moore Covenant Productions operates on a fundamentally different premise: we don't sell content. We build brand architecture. Before we touch a camera or build a content calendar, we do what no one else does.

Step	What We Do	What It Produces
01	Brand Story Audit	Values, voice, and vision alignment — what you're actually saying vs. what you think
02	Narrative Architecture	Every piece of content gets a story spine — beginning, tension, resolution
03	Platform Mapping	Content built for where your client actually lives, not where trends are
04	Identity Alignment	Visual language matched to brand — never to trend
05	Covenant Check	Does this serve your audience? Does it represent who you are? If not, we start over.

This process produces content that doesn't just perform — it builds **compounding brand equity**. Our clients don't just get views. They get clients.

A Wide-Open Lane in a *Trillion-Dollar* Market.

Market	2024 Size	Growth Rate
Social Media Management (Global)	\$23.4B	23% CAGR
Digital Content Creation	\$38.2B	17% CAGR
Creator Economy	\$250B	22% CAGR
Faith & Purpose Economy (US)	\$1.2T	Steady
Online Business Coaching	\$11.6B	15% CAGR

\$50B+	\$4.2B	\$12M	35M
TOTAL ADDRESSABLE MARKET	SERVICEABLE MARKET (SAM)	YEAR 1–3 TARGET (SOM)	CHRISTIAN BUSINESS OWNERS (US)

The faith-driven entrepreneurship market is the most underserved segment in the creative agency space. There are **230 million Christians in the United States alone** — an estimated 35 million of whom own or operate a business. Less than 3% have a professional, consistent content strategy.

That is a wide-open market with extremely high lifetime client value and extremely low churn — because covenant relationships don't end when the invoice does.

Our Moat Is Not a Tool. *It's a Philosophy.*

Factor	Commodity Agency	Moore Covenant
Client Relationship	Contract	Covenant
Work Standard	Client satisfaction	"As unto the Lord"
Content Approach	Template-driven	Story-architected
Niche Focus	Everyone	Purpose-led entrepreneurs
Founder Story	Generic	Built from rebuilding
Proven Results	Varied	60M+ views, \$0 raised
Faith Alignment	None	Foundational

Agencies can copy our services. They cannot copy our covenant. They cannot copy 60 million views built before raising a dollar. They cannot replicate a founder who was broken, rebuilt by faith, and now builds other people's brands from that same posture.

The brands who find us don't just hire us. They trust us. And trust is the hardest thing to manufacture in any market.

Three Revenue Streams. One *Recurring* Engine.

Tier 1 — Monthly Retainer (Recurring)

Service	Starting Rate	Avg Monthly
Social Media Management	\$1,500/mo	\$2,200/mo
Content Strategy Retainer	\$1,000/mo	\$1,600/mo
Growth Strategy Partnership	\$1,200/mo	\$1,800/mo
\$90K MRR / \$1.08M ARR		

Tier 2 — Project-Based (One-Time)

Service	Starting Rate
Brand Identity Build	\$3,500
Website Design & Development	\$4,000
Content Creation Package	\$1,500
Brand Story Film	\$2,500

Tier 3 — Education & Mentorship (Scalable)

Group Coaching Program	\$1,200/cohort	Scalable cohort model
The Covenant Content System (Phase 3)	\$497–\$997	Digital course + community

Three Phases. *One* Direction.

PHASE 01 Months 1–6	Establish Authority Organic content strategy built around founder story and proven results. January 2nd testimony series. Voice memo content — unfiltered, unproduced, undeniable. Target: Instagram, TikTok, LinkedIn, YouTube Shorts. Goal: 10,000 engaged followers, 10 retainer clients.
PHASE 02 Months 6–18	Build the Machine Hire first content producer and brand strategist. Launch referral program. Partner with faith-based business communities and entrepreneur networks. Launch 1:1 mentorship (waitlist already forming). Goal: 30 retainer clients, \$65K MRR.
PHASE 03 Months 18–36	Scale the Platform Launch The Covenant Content System — proprietary digital course and community for faith-driven entrepreneurs. License the methodology. Build the community. 500 students at \$997 = \$498,500. Expand agency to 75 retainer clients. Goal: \$1.98M ARR from agency + \$498K from platform.

The Numbers.

Conservative and Compounding.

Revenue Stream	Year 1	Year 2	Year 3
Retainer Clients (avg \$1,800/mo)	\$432,000	\$972,000	\$1,620,000

The first two hires — a Content Producer and a Brand Strategist — allow Elijah to shift from sole operator to company leader, unlocking the capacity to serve 3x the current client volume without sacrificing the quality the Covenant Model demands.

Built From Rebuilding. Not From *Perfection*.

ELIJAH MOORE — FOUNDER & CHIEF STRATEGIST

Storyteller. Strategist. Called, Not Stumbled.

On **January 2nd, 2025**, after a season of fast living, wrong financial decisions, and operating without alignment — God forced a stop. "I've been broke, made wrong financial decisions, and lived a fast life. Even in my speed, God slowed me down."

What felt like failure became refinement. What felt like delay became direction. Moore Covenant Productions was not built from a business plan. It was **built from rebuilding**.

In the months that followed, Elijah generated 60 million views for clients across beauty, lifestyle, faith, and entrepreneurship. He grew six-figure followings. He built digital presences that convert — not just impress. Before raising a single dollar.

He named the company after his family legacy (Moore) and the standard he holds himself to (Covenant). He put his family's name on a promise.

"That is not a brand position. That is a belief system. And belief systems build companies that last."

We're Ready to Scale. *\$35,000* Is the Catalyst.

We are seeking a **\$35,000 business line of credit** to deploy across four high-return priorities. At projected Year 1 revenue of **\$600,000**, this line represents less than **6% of annual operating revenue** — with full repayment capability within the first operating year.

Estimated monthly payment at 7% over 36 months: ~\$1,081 — covered by a single retainer client.

#	Use of Funds	Amount	Return
1	Hire Content Producer + Brand Strategist	\$14,000	3x delivery capacity, 30 clients
2	Equipment & Production Upgrade	\$7,000	Premium client tier unlocked
3	Marketing & Brand Amplification	\$7,000	10K+ followers, 10 retainer clients
4	Operations, Legal & IP Protection	\$7,000	Contracts, trademarks, infrastructure
Projected \$600K Year 1 Revenue			

THE REPAYMENT CASE

At 20 retainer clients — less than half our Year 1 target — monthly revenue exceeds **\$36,000**. The \$35,000 line of credit is repaid in a single month of operations at scale. This is not a bet. It is a bridge.

"For we are God's handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do."

EPHESIANS 2:10

If You're Building Something *Worth Remembering* — We Should Talk.

Our work is selective. We choose partners we believe in, so we can give them
everything we have.

The covenant isn't just a name. It's a promise.
And this is the moment we take it to scale.
